

CONTENTS

Chapter 1	The desert as a habitat and an arena for evolution <i>Vladimir E. Sokolov and Gonzalo Halffter.</i>	9
Chapter 2	Factors of morpho-ecological divergence of species in communities of desert rodents <i>Konstantin A. Rogovin and Alexey V. Surov.</i>	17
Chapter 3	Analysis of spatial organization of a desert rodent community in the Bolsón de Mapimí, México <i>Konstantin A. Rogovin, Georgiy I. Shenbrot, and Alexey V. Surov.</i>	103
Chapter 4	Morpho-ecological structure of desert rodent communities in Central Asia and Southwestern North America: a multivariate analysis <i>Konstantin A. Rogovin, Alexey V. Surov and Valentina Serrano.</i>	127
Chapter 5	Comparative analysis of the spatial organization of the desert lizard communities in middle Asia and in México. <i>Georgiy I. Shenbrot, Konstantin A. Rogovin and Alexey V. Surov.</i>	147

Chapter 6	Marking behavior in desert rodents. Structural analysis of the sequence of movement	189
	<i>Vladimir E. Sokolov, Yu N. Vasilieva and Konstantin A. Rogovin.</i>	
Chapter 7	The ecological organization of a highly diverse desert lizard community in México	207
	<i>Alfredo Ortega-Rubio, Robert Barbault and Alberto González-Romero.</i>
